Notes from the Librarian

AR Read the Most from coast to coast was an awesome event here at Kolter. 3rd/4th and 5th graders were excited to see the numbers advance after a test was taken from coast to coast right before their eyes on the screen. AR beat last year's record number of quizzes totaling **4,987,949**.

READING PROGRAMS

We have a couple of reading incentive programs to encourage students to read over the spring break.

The Houston Rockets invite students to become citizens and participant in the READ NATION CHALLENGE. The READ NATION CHALLENGE is a program and competition that will

reward individual students and schools for reading the most number of minutes during the contest period (March 3-March 31st). Great prizes for the schools and top students will be awarded.

Students score sheet (to keep track of their reading materials and minutes read) is coming home today.

An additional reading program is being sponsored by Rice University. This program is used for supporting, motivating and recognizing students for their reading ability. The goal is to read a minimum of three (3) books. A reading log is to be turned into the library by **March 24th**. Rice U will provide a certificate for one (1) complimentary ticket to attend a Rice Baseball game in April. Pick up your reading log form from Ms. Oubre in the library.
